- **Increase Productivity**
- **Improve Product Quality**
- **Increase Profits**
- **Improve Safety**

- Heavy Duty Frame
- Low Maintenance
- Powered Size Adjustments
- Precision Linear Bearings
- Overhead Mar-Proof Clamping
- Programmable Controller

The **ProMax Cabinet Door Pinner Plus** is an affordable system that squares, clamps and fastens a variety of cabinet door styles and sizes. This machine is capable of producing 500 to 1,000 cabinet doors per eight hour shift. Standard joy stick operation allows quick and accurate size adjustments. The frame is ergonomically designed at an angle for easy placement of sub-assembled door parts and fast removal of the finished product. Operating controls are simple and convenient to minimize training time. Machine functions are air powered with programmable electrical controls for accurate and reliable operation.

Adjustable clamp pads to accommodate 1-1/4" to 3-1/2" stile sizes at 1/8th" increments
